

OHIO VALLEY
SURGICAL HOSPITAL

PATIENT SAFETY

Thank you for choosing Ohio Valley Surgical Hospital. We are confident that you will have the best healthcare experience possible.

Ohio Valley Surgical Hospital offers:

- The latest advances in surgical and anesthesia procedures/technology
- State-of-the-art medical equipment
- Quality, compassion and care you can trust

BEST QUALITY. BEST VALUE. BEST CHOICE.

PATIENT SAFETY IS OUR TOP PRIORITY

Our healthcare professionals are committed to providing you and your family the best and safest care possible. Ohio Valley Surgical Hospital has adopted the National Patient Safety goals outlined by the Joint Commission:

- Patient Identification
- Communication
- Medication Safety*
- Infection Reduction
- Fall Prevention

** Ohio Valley will provide a Medication Safety card to help you keep track of your medications.*

ON THE DAY OF YOUR SURGERY

You will be asked to list your name, your date of birth and your site for surgery. These questions may be asked several times to ensure your safety.

If possible, bring a family member or friend to help you ask questions, and to make sure they understand the type of care you will need when you go home.

Proudly owned and operated by local physicians.

100 West Main Street, Springfield, OH. 45502
